New year, new skills for the whole family!

Welcome to our Spring 2022 course guide packed with hundreds of inspiring courses for work, life and leisure.

FREE* and
low cost
courses

You'll find community and family learning courses and funded accredited courses for adults aged 19+ as well as college courses for young people aged 16-24.

Our community and family learning courses are held at your local library or community venue, and because we want to make sure as many people as possible can access our fantastic courses, we also offer many courses online, so you can join from the comfort of your own home, via Zoom.

Courses are short enough to try something new without a huge commitment. They're informal, fun and friendly, and you don't need any skills or qualifications to take part.

Our course costs

Family learning courses are free.

Community learning courses are £4.50 per hour, or free* if you're eligible and in receipt of certain benefits (you'll need to show evidence when you enrol).

Accredited funded courses for adults are fully or part funded* depending on circumstances.

You may need materials for some courses, details will be given at the time of booking or at the first session.

Payment should be made in full at the time of booking online or over the phone, unless you qualify for a free place.

Once you have booked your place, please make sure you complete our e-enrolment form prior to the start of your course, to confirm your place.

*Certain eligibility criteria apply, please see our website for full details inspireculture.org.uk/fundingyourcourse
